From

B.G. Moldsworth Esq., I.C.S.,
Secretary to Government,
Revenue Department.

To

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

No.2640-B-G/39-24 dated Stonehouse Hill, the 15th April 1940.

Sir,

Land acquisition-(South Kanara)-Coondapur taluk - Jog Falls Hydro-Electric scheme. Your letter R. Dis.No.337/1939/Pol. dated 18th August 1939.

read.

...

It has been reported that the construction of the dam across the Sharavati river, as proposed by the Mysore Government, will submerge about 1120 acres of land in the Coondapur taluk of the South Kanara District consisting of about 400 acres of private lands which would have to be acquired and about 720 acres of land at the disposal of this Government. This estimate is only approximate and may require revision when correct levels are taken. As a result of the inundation of the lands, the District Board, South Kanara will lose about 4½ miles length of road (known as the Bennette Branch road) 3 miles of which will be actually submerged. This road is a bus route connecting Nagodi in the Coondapur taluk with Sagar in the Mysore State. The District Board considers that a replacement road following the direction of the present road and running above the water line is not necessary. It has suggested that the requiremets of the situation would be better met if the cart track marked green in the topo sketch returned herewith were converted into a pucca road and a bridge constructed across the Lakshmipur Hole (river) at the place marked in the topo sketch. Traffic would then be able to go along the Lakshmipur Kallarkatte road. There are also certain Hindu temples (including a Jain Basthi) which will be submerged and these buildings will have to be replaced elsewhere.

2. I am directed to state that the Government of Madras are prepared to acquire the 400 acres of private land referred to in para 1 and to grant the Mysore Government a 999 years' lease of these lands together with the 720 acres of land at the disposal of this Government which will be inundated provided the Mysore Government are willin

(1) to meet the direct payments to be made for-

(a) the acquisition of private rights in the lands affected by the scheme and in the buildings thereon including any enhanced compensation which may be awarded by a Civil Court.

(b) the staff to be employed for the purpose of the acquisition and the replacement works.

(c) the construction of the fresh roads, bridges and structures required in place of those affected by the inundation as explained in para 1 aboveand

(2) to pay rental for the 1120 acres of land to be leased. (The rental on the private lands acquired will be based on the loss of the revenue previously derived from them by the Madras Government and that on the Government lands will be a reasonable sum which will take into consideration the user of the land). I am to request you to be so good as to ascertain from the Mysore Government whether they are agreeable to an arrangement on the above lines.

I havethe honour to be,
Sir,
Your most obedient servant,

W. G. Holdsworth
Secretary to Government.

Copy to the Board of Revenue with reference toits Resolution Rt.No. 4562, dated 6th October 1939.
